Church of England statutory fees: Fees relevant at 1st. January 2022.

This is to try and simplify the implications of the fees laid down each year by statute.

Unfortunately, different Churches have different rules which govern the ability to have a grave opened in a Churchyard.

Burial in Church of England Churchyard after Church (of England) Service	£	331.00
Burial in Churchyard (if available) without Church of England Church service	£	360.00
Burial in Churchyard with Graveside Service only	£	428.00
Interment of Ashes in Churchyard (<i>maybe gravedigging fees in addition</i>)	£	172.00
Service in Crematorium or Cemetery (<i>Minister's fee but travel allowance to be added</i>)	£	206.00
Additional fee to above for burial of body or other lawful disposal of Cremated Remains in Cemetery (not Churchyard) immediately preceding or following a Church of England Service.....	£	30.00

Please note that the fees shown for the Church of England are statutory fees payable.

It is stressed that the figures do NOT include any charges for extras such as heating, music, organ and organist, verger, bells, travel allowances etc.

For burial of body or interment of Cremated Remains usually gravedigger's fees have to be added.

These often vary between £350.00p. to £650.0p or more depending on what is involved, and the condition of the grave space allocated.

For a full list of fees laid down by statute in relation to the Church of England, please refer to the Table of Parochial Fees which is issued each year, remembering that there will probably be other fees in addition.
